

## **Increasing TAQWA daily:** **A guide of deeds and their rewards**

### **How this book is meant to be used**

Steadfast in religion is crucial so we should remember before doing supererogatory acts to steadfast to the pillars of Islam and not following one's heart.

The Prophet (peace and blessings of Allaah be upon him) said: “*It [the heart] changes more than a pot of rapidly boiling water.*” (Reported by Ahmad, 6/4; al-Haakim, 2/289; *al-Silsilat al-Saheehah*, 1772). “*The heart (qalb) takes its name from its constant changes (taqallub – alteration, variation, ups and downs). The likeness of the heart is that of a feather at the root of a tree, being turned over and over by the wind.*” (Reported by Ahmad, 4/408; *Saheeh al-Jaami'*, 2364).

Al-Haakim reported in *al-Mustadrak*, and al-Tabaraani reported in *al-Mu'jam*, that the Prophet (peace and blessings of Allaah be upon him) said: “*Faith wears out in the heart of any one of you just as clothes wear out, so ask Allaah to renew the faith in your hearts.*” (Reported by al-Haakim in *al-Mustadrak*, 1/4; see also *al-Silsilat al-Saheehah*, 1585. Al-Haythami said in *Majma' al-Zawaa'id*, 1/52, It was reported by al-Tabaraani in *al-Kabeer* and its isnaad is saheeh.”)

“*There is no heart that is not covered by a cloud like the cloud covering the moon when it is shining, and so it suddenly goes dark, but when it (the cloud) goes away, it shines again.*” (Reported by Abu Na'eem in *al-Hilyah*, 2/196; *al-Silsilat al-Saheehah*, 2268).

The pillars of Islam are important to follow first and foremost before doing any other act of worship.

Not only performing the pillars of Islam make us Muslims, but also performing well and as perfectly as possible, in accordance with the *Sunnah* is imperative.

Whoever adheres to the Noble Qur'aan and the Sunnah, Allaah will protect him; whoever follows it, Allaah will save him; and whoever calls to its way will be guided to the Straight Path. Learning Islam needs also to be done regularly and progressively.

Allaah has stated that the reason why the Qur'aan was revealed in stages was to help His Prophet (peace and blessings of Allaah be upon him) to stand firm in his faith. In the context of refuting the doubts of the *kuffaar*, He says (interpretation of the meaning): “*And those who disbelieve say, ‘Why is not the Qur’aan revealed to him all at once?’ Thus (it is sent down in parts), that We may strengthen your heart thereby. And We have revealed it to you gradually, in stages. And no example to similitude do they bring (to oppose or to find fault in you or in this Qur’aan), but We reveal to you the truth (against that similitude or example), and the better explanation thereof.*” (Al-Furqaan 25:32-33)

“*Whoever works righteousness — whether male or female — while he (or she) is a true believer (of Islamic Monotheism) verily, to him We will give a good life (in this world with respect, contentment and lawful provision), and We shall pay them certainly a reward in proportion to the best of what they used to do (i.e. Paradise in the Hereafter)*” (Al-Nahl 16:97)

Each one of us is not only a Muslim but also a caller to Islam. The *daa’iyahs* (callers of Islam) are obliged to adhere to the fundamentals of *sharee’ah* and adhere to the middle course to which Allaah has guided them, for Allaah has made them an *ummah* justly balanced:

“*Thus, have We made of you an Ummat justly balanced, that ye might be witnesses over the nations, and the Messenger a witness over yourselves; and We appointed the Qibla to which thou wast used, only to test those who followed the Messenger from those who would turn on their heels (From the Faith). Indeed it was (A change) momentous, except to those guided by Allah. And never would Allah Make your faith of no effect. For Allah is to all people Most surely full of kindness, Most Merciful.*” (Al-Baqarah, 2:143)

So make sure you know how what *tawheed* implies (unicity of Allaah) because it is a science; make sure you study how to pray from books of *Sharee’ah* and not only from people; give *zakat* (obligatory charity) and study how to do it correctly, checking the *daleel* (opinions of scholars) on different issues pertaining to *zakaat* because there might be issues you do not know about like, for example, the fact that there is a *zakaat* to be paid on jewelry; study all the laws related to *Ramadhan* (fasting month); finally, make sure you read about how to do *umrah* and *hajj* from time to time, and learn the *du’aa’s* necessary in provision for that day.

Once you master these pillars, you will be ready to complete your religion by adding more rewards to your acts of worship; you will be ready to read and apply this book.

### **What is this book?**

This book is basically a gathering of *ayaat* (verses) from the Noble Qur'aan and of *ahaadith* from the *Sunnah* (divinely inspired teachings) of Prophet Muhammad (swas) with some explanations taken from reputed scholars when necessary.

I have carefully researched and checked the references.

If there is any mistake in it, it is from the *Shaytaan* and I ask forgiveness from Allaah. Ameen.

### **How do I use it?**

This book is meant to be used with a chart enclosed/attached here. Use this chart on a daily basis to check your progress in faith or your digressions or the check box (right column).

Most of all, this book is meant to be a reminder and a teacher.

Remember that this is my first time working on such a project so it probably needs a lot of improvement.

Keep filling up the chart and check from time to time your progress through time.

Did you avoid a bad deed today? Did you pray the 12 *Sunnah* prayers? Did you make more *du'aa's* today or did you remember to do *dhikr*? Are you becoming a better Muslim? If yes, congratulations! Allaah be praised.

Mark a red cross in each box to show what you do often or everyday or what you did on M (Monday) of a given date, on T (Tuesday), etc. You can also write down the date under each day. Example today is June 1<sup>st</sup>. Write down under the sign **S, 1/6/02**

Mark a blue cross in each box to show what you do occasionally

Mark a green cross in each box to show what needs to be improved

See example below about The Noble Qur'aan:

Here is the spread chart as well as its compact version. You can simplify it as you wish and modify sections to your needs.
